Philosophy

8 EDEN AVENUE explores the energy of carefully crafted products filled with the beauty and love of our team, the woman weavers of Panchachuli. Living on the foothills of the Himalayan mountains, they spin, weave and embroider all our scarves and plaids by hand, from the finest Mongolian cashmere.

Our vision is to empower these woman weavers by helping them out of poverty in the long term, by providing higher wages, medical cover and a solid education for their children. We are filling our scarves with the quality and passion we feel everyday.
